

Airplane Mechanic (A&P)

Reply to: Les Marshall, Operations Manager, les@wrightflyers.com, 210-820-3800

Date: April 18, 2008

Wright Flyers Aircraft Service Center is seeking a qualified airplane mechanic. Requires FAA A&P license. Prefer general aviation experience with single and multiengine piston aircraft. This regular full time position requires the availability to work weekends. Days off during the week are flexible. Our A&Ps are responsible for ensuring aircraft are maintained to airworthiness standards prescribed by applicable FARs, airworthiness directives and company policy.

QUALIFICATIONS

Read, write and understand the English language.

Must be able to understand and follow maintenance manuals and illustrated parts catalogs.

Effective oral and written communications skills.

Troubleshoot and repair airframe and engine systems, including hydraulic, electrical, fuel, and mechanical components.

Ensure all maintenance records are accurate and in accordance with applicable FARs and company policies.

Possess own tools.
